### **Chi-Hi Business Education Teacher LeMay Named Junior Achievement Hero**

Marleana LeMay, Chippewa Falls High School Business Education Teacher has been named a 2023 Junior Achievement Hero. The award is designed to recognize and honor area student entrepreneurs, teacher partners, classroom volunteers and board members who have gone ABOVE and BEYOND their role in impacting area students with Junior Achievement programs in the Northwest Area.

Rolly Enderes, Vice-President of ChemCeed, LLC had this to say about Marleana: "Having worked with Mrs. LeMay through Junior Achievement for a few years now, you can see the passion she has for helping her students learn about business, entrepreneurship and leadership. One of the most important things I observed was the respect that her students gave to her by the way they communicated, behaved and worked in her classes. I've talked to students she taught throughout the years and they have all commented on how much they loved and appreciated her and her classes and Chi-Hi is truly fortunate to have an educator like Mrs. Lemay at the school. She is more than deserving of this acknowledgement and I have been fortunate to work with her as well."

LeMay will be honored at the 8th annual JA Heros Gala that will take place at the Florian Gardens on Wednesday, November 15, 2023 from 5:00pm to 7:30pm. For more information on attending the gala, please contact Junior Achievement of Northwest Area at (715)835-5566.
