

Coffee with Your Board

In an effort to make the CFAUSD Board of Education more accessible to our constituents/community, we will continue to sponsor “Coffee with Your Board”. The purpose of this forum is to provide the community an opportunity to interact in a casual setting with the Board Members, the District Administrator, the Business Manager, and other school personnel, and ask questions regarding issues facing the district. These issues could include, but are not limited to operations, curriculum and finances. This informal dialogue is not in any way to include discussion of individual employees or issues regarding employee performance.

These gatherings will take place at **the following locations in Chippewa Falls**. The district will host the coffee portion and participants will self-host any additional expenses.

Schedule for “Coffee with Your Board” for the 2016-2017 School Year
