It is the policy of the Chippewa Falls Area Unified School District that no person may be denied admission to any public school in this district or be denied participation in, be denied the benefits of, or be discriminated against in any curricular, extracurricular, pupil service, recreational, or other program or activity because of the persons' sex, race, religion, national origin, ancestry, creed, pregnancy, marital or parental status, sexual orientation, or physical, mental, emotional, or learning disability or handicap as required by s. 118.13, Wis. Stats. STUDENT ANTI-HARASSMENT

The Chippewa Falls School District is committed to maintaining a learning and working environment for students and employees free from harassment, discrimination, or intimidation.

Harassment refers to the acts of physical, verbal, or psychological behavior based on race, color, religion, national origin, ancestry, creed, pregnancy, parental or marital status, sexual orientation, physical, learning, mental or emotional disability or handicap which would create an intimidating, hostile, or offensive environment.

Students who experience harassment may immediately make it clear that such behavior is offensive. Students are entitled to due process protection and are encouraged to report the incidents to:

Warren Bowe or Sherry Jasper, Equity Coordinators
Chippewa Falls Area Unified School District
1130 Miles Street
Chippewa Falls, WI 54729
(715) 726-2417

There shall be no retaliation against students who file complaints in good faith under this policy. A complaint shall be submitted within forty-five (45) working days of the occurrence of the incident being reported. (Board Policy 5517)

BULLYING AND OTHER FORMS OF AGGRESSIVE BEHAVIOR

The Chippewa Falls School District Board of Education is committed to providing a safe, positive, productive, and nurturing educational environment for all of its students. Aggressive behavior toward a student, whether by other students, staff, or third parties is strictly prohibited and will not be tolerated. This prohibition includes physical, verbal, and psychological abuse.

Aggressive behavior is defined as inappropriate conduct that is repeated enough, or serious enough, to negatively impact a student's educational, physical, or emotional well being. This type of behavior is a form of intimidation and harassment, although it need not be based on any of the legally protected characteristics, such as sex, race, religion, national origin, ancestry, creed, pregnancy, marital status, parental status, sexual orientation, or physical, mental, emotional or learning disability. It includes, but is not limited to, such behaviors as stalking, bullying/cyberbullying, intimidating, menacing, coercion, name-calling, taunting, making threats, and hazing.

Any student that believes s/he has been or is the victim of aggressive behavior may immediately report the situation to the building principal or assistant principal, or the Superintendent of Schools. The student may also report concerns to a teacher or counselor who will be responsible for notifying the appropriate administrator or Board official. Complaints against the building principal may be filed with the Superintendent of Schools. Complaints against the Superintendent of Schools may be filed with the Board President.

There shall be no retaliation against students who file complaints or otherwise participate in an investigation concerning allegations of aggressive behavior. Such retaliation shall be considered a serious violation of Board policy and independent of whether a complaint is substantiated. Suspected retaliation may be reported in the same manner as aggressive behavior. Making intentionally false reports about aggressive behavior for the purpose of getting someone in trouble is similarly prohibited and will not be tolerated. Retaliation and making intentional false reports may result in disciplinary action. (Wis.States 118.46.46(2) and Board Policy 5517.01)

STUDENT RELIGIOUS ACCOMMODATIONS

All students shall be provided reasonable accommodations for sincerely held religious beliefs with regard to examination and academic requirements. See the "Nondiscrimination" notice in this publication for the process for receiving and resolving complaints. (Wisconsin Admin Code PI 41.04 (1)(A) and Board Policy 2270)

DIRECTORY DATA **MILITARY RECRUITERS ACCESS OF STUDENTS/RECORDS**

The Family Educational Rights and Privacy Act (FERPA) also requires the Chippewa Falls Area Unified School District, with certain exceptions, to obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, the District may disclose appropriately designated "directory information" without written consent, unless you have advised the District to the contrary in accordance with district procedures. The primary purpose of directory information is to allow the Chippewa Falls Area Unified School District to include this information in certain school publications. Examples could include such items as: a playbill, showing your student's role in a drama production; school yearbook; an honor roll or other recognition lists; graduation programs; and sports activity sheets, such as wrestling, showing weight and height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. Federal public law 107-110, section 9528 of the ESEA, "No Child Left Behind Act" requires school districts to release student names, addresses and phone numbers to military recruiters upon their request. The law requires a school district to notify a student of his/her right to opt-out by requesting that the school district does not release information to military recruiters. Students have the right to request that private information is not released to military recruiters. Students choosing to withhold private information from military recruiters should contact the high school office for an opt-out form**. The responsibility for monitoring and encouraging attendance is shared by the parents, schools, and the community. The parent or guardian of absent students is expected to notify the school on the day the absence occurs. The school shall report a student's unexcused absences to the parent or guardian. Students are allowed and encouraged to make up work missed during excused absences from school. It is the student's responsibility to request assignments and schedule make-up exams. Missing school for unexcused absences will have a negative impact on a student's grade and in some cases contribute to the overall failure of a course. The school shall have the authority to initiate action as stated in Board Policy 5200 to secure a student and/or parents or guardians compliance with compulsory attendance law. (Wis. Stats §§ 118.15(1) and 118.16 and Board Policy 5200)

STUDENT PRIVACY – RIGHTS UNDER THE PROTECTION OF PUPIL RIGHTS AMENDMENT

The Protection of Pupil Rights Amendment (PPRA) (20 U.S.C. § 1232h; 34 CFR Part 98) applies to programs that receive funding from the U.S. Department of Education (ED). PPRA is intended to protect the rights of parents and students in two ways:

- It seeks to ensure that schools and contractors make instructional materials available for inspection by parents if those materials will be used in connection with an ED-funded survey, analysis, or evaluation in which their children participate; and
- It seeks to ensure that schools and contractors obtain written parental consent before minor students are required to participate in any ED-funded survey, analysis, or evaluation that reveals information concerning:
 1. Political affiliations;
 2. Mental and psychological problems potentially embarrassing to the student and his/her family;

3. Sex behavior and attitudes;
4. Illegal, anti-social, self-incriminating and demeaning behavior;
5. Critical appraisals of other individuals with whom respondents have close family relationships;
6. Legally recognized privileged or analogous relationships, such as those of lawyers, physicians, and ministers;
7. religious practices, affiliations or beliefs of the student or student's parents; or
8. income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program).

Parents or students who believe their rights under PPRA may have been violated may file a complaint with ED by writing the Family Policy Compliance Office. Complaints must contain specific allegations of fact giving reasonable cause to believe that a violation of PPRA occurred. For additional information or technical assistance, you may call (202) 260-3887 (voice). Individuals who use TDD may call the Federal Information Relay Service at 1-800-877-8339. Or you may contact us at the following address:

STUDENT SURVEYS

School districts receiving funds under any U.S. Department of Education program must notify parents of their right to inspect certain student surveys and other activities that collect, disclose, or use personal information from students including materials designed to sell or market student information to others. The types of surveys include those created by third parties (outside the school district) and their subject matter is specified below. Parents must be notified of their rights before the survey is distributed to students. School districts must provide the survey to parents within a reasonable amount of time after the request and before the surveys are distributed to students. Districts must also involve parents in developing and adopting policies that establish the rights of parents, upon request, to inspect student surveys and opt their children out.

Examples of activities used to collect, disclosure or use of personal information from students including materials designed to sell or market student information to others would include:

- Any non-emergency, invasive physical examination or screening that is required as a condition of attendance, administered by the school in advance, and not necessary to protect the immediate health and safety of the student or of other students.
- The administration of any survey containing one or more of the eight protected areas of information including: political affiliations or beliefs of the student or student's parents; mental or psychological problem of the student or student's family; sexual behavior or attitudes; illegal, anti-social, self-incriminating or demeaning behavior; critical appraisals of other individuals with whom respondents have close family relationships; legally recognized privileged or relationships such as those of lawyers, physicians, and ministers; religious practices, affiliations, or beliefs of the student or student's parents; and income. (Schools must obtain active consent and may not use an opt out feature if the survey is funded in whole or in part with Department of Education funds) (FEDERAL ESEA LAW and Board Policy 2416)

EDUCATION OF HOMELESS CHILDREN AND YOUTH

The school district's designated liaison for homeless children and youth will ensure that the educational rights of homeless children and youth are disseminated where such children and youths receive services such as the schools and family shelters. Homeless children and youth must have equal access to the same free, appropriate public education as provided to other children residing in the district and be provided with comparable services. Homeless children/youth cannot be required to attend a separate school or program for homeless children and must not be stigmatized by school personnel. (McKinney Vento Act and Board Policy 5111.01)

SCHOOL PERFORMANCE DATA

Under Section 115.38(2) of the state statutes, school boards are required to notify, by January 1 each year, the parent/guardian of each student enrolled in the district of their right to request a school and school district performance report. The report must be distributed to those parents/guardians who request it by May 1 each year. WIRELESS COMMUNICATION DEVICES/TWO-WAY COMMUNICATION DEVICES

The Board of Education recognizes the value of students maintaining communication with their parents/guardians and other appropriate persons for health, safety and educational purposes. The District also recognizes that students at different ages should have different privileges with wireless communication devices while on school premises. Therefore, high school students may use wireless communication devices before and after school, during lunch and in between classes, as long as they do not create a distraction, disruption or otherwise interfere with the education environment. Further guidelines may be developed by building administration. The use of wireless communication devices is strictly prohibited at the middle school and all elementary schools. Students who have a cell phone must turn it off and keep it in their locker.

The use of a wireless communication device in locker rooms is strictly prohibited. Individuals who violate this policy will be subject to school disciplinary action and possible legal referral. (Wis. Stats. § 118.258 and Board Policy 5136 & 9151)
