

STUDENT NONDISCRIMINATION

It is the policy of the Chippewa Falls Area Unified School District that no person may be denied admission to any public school in this district or be denied participation in, be denied the benefits of, or be discriminated against in any curricular, extracurricular, pupil service, recreational, career and technical education or other program or activity because of the persons' race, color, religion, national origin, ancestry, creed, pregnancy, marital status, parental status, sexual orientation, sex, including transgender status, change of sex or gender identity, or physical, mental, emotional, or learning disability as required by s. 118.13, Wis. Stats. This policy also prohibits discrimination under related federal statutes, including Title IX of the Educational Amendments of 1972 (sex), Title II, Title VI and Title VII of the Civil Rights Act of 1964 (race and national origin), Section 504 of the Rehabilitation Act of 1973 (handicap), and the Americans with Disabilities Act of 1990. This policy also prohibits harassment. Students, parents and all other members of the School District community are encouraged to promptly report suspected violations of this policy to a teacher or administrator. Any teacher or administrator who receives such a complaint shall file it with the District's Compliance Officer at his/her first opportunity.

Students who believe they have been denied equal access to District educational opportunities, in a manner inconsistent with this policy may initiate a complaint and the investigation process that is set forth in Board Policy 2260. Initiating a complaint will not adversely affect the complaining individual's participation in educational or extra-curricular programs unless the complaining individual makes the complaint maliciously or with the knowledge that it is false.

BULLYING AND OTHER FORMS OF AGGRESSIVE BEHAVIOR

The Chippewa Falls School District Board of Education is committed to providing a safe, positive, productive, and nurturing educational environment for all of its students.

The Board encourages the promotion of positive interpersonal relations between members of the school community. Bullying toward a student, whether by other students, staff, or third parties is strictly prohibited and will not be tolerated. This prohibition includes physical, verbal, and psychological abuse. The Board will not tolerate any gestures, comments, threats, or actions which cause or threaten to cause bodily harm or personal degradation.

"**Bullying**" is deliberate or intentional behavior using words or actions, intended to cause fear, intimidation, or harm. Bullying may be a repeated behavior and involves an imbalance of power. Furthermore, it may be serious enough to negatively impact a student's educational, physical, or emotional well being. The behavior may be motivated by an actual or perceived distinguishing characteristic, such as, but not limited to: age; national origin; race; ethnicity; religion; gender; gender identity; sexual orientation; physical attributes; physical or mental ability or disability; and social, economic, or family status; however this type of prohibited bullying behavior need not be based on any of those particular or other particular characteristics. It includes, but is not necessarily limited to such behaviors as stalking, cyberbullying, intimidating, menacing, coercing, name-calling, taunting, making threats, and hazing.

Any student that believes s/he has been or is the victim of bullying behavior may immediately report the situation to the building principal or assistant principal, or the Superintendent of Schools. The student may also report concerns to a teacher or counselor who will be responsible for notifying the appropriate administrator or Board official. Complaints against the building principal may be filed with the Superintendent of Schools. Complaints against the Superintendent of Schools may be filed with the Board President.

There shall be no retaliation against students who file complaints or otherwise participate in an investigation concerning allegations of aggressive behavior. Such retaliation shall be considered a serious violation of Board policy and independent of whether a complaint is substantiated.

Suspected retaliation may be reported in the same manner as bullying behavior. Making intentionally false reports about bullying behavior for the purpose of getting someone in trouble is similarly prohibited and will not be tolerated. Retaliation and making intentional false reports may result in disciplinary action.

Every student has the right to the use of the locker which has been assigned to him/her. The lockers remain the property of the school district. This policy does not preclude periodic inspections for the purposes of cleaning lockers, or, for example such actions as recovering library materials and textbooks. In accordance with state law, all parents must cause children between 6 and 18 years of age to attend school unless the child has graduated, is excused by the school attendance officer or parent, or is enrolled in an alternative program leading toward graduation. The responsibility for monitoring and encouraging attendance is shared by the parents, schools, and the community. THE FAMILY EDUCATIONAL RIGHTS and PRIVACY ACT (FERPA)

The Family Educational Rights and Privacy Act (FERPA) affords parents and students who are 18 years of age or older ("eligible students") certain rights with respect to the student's education records. These rights are:

- The right to inspect and review the student's education records within 45 days (34 CFR 99.10) of the date the school receives a request for access.

Parents or eligible students who wish to inspect their child's or their education records should submit to the school principal or appropriate school official a written request that identifies the records they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

- The right to submit a written request for an amendment of the student's education records (34 CFR 99.20, 99.21, and 99.22) that the parent or student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

Parents or eligible students who wish to ask the school to amend their child's or their education record should write the school principal or appropriate school official, clearly identify the part of the record they want changed, and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

- The right to provide written consent before the school discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent (34 CFR 99.30 and 99.31).

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the Board as an administrator, supervisor, teacher/instructor (including substitutes), or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the Board; a person or company with whom the Board has contracted to perform a special task (such as an attorney, auditor, or medical consultant); a contractor, consultant, volunteer or other party to whom the Board has outsourced a service otherwise performed by Board employees (e.g. a therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his/her tasks (including volunteers).

"Legitimate educational interest" is defined as a "direct or delegated responsibility for helping the student achieve one (1) or more of the educational goals of the District" or if the record is necessary in order for the school official to perform an administrative, supervisory, or instructional task or to perform a service or benefit for the student or the student's family. The Board directs that reasonable and appropriate methods (including but not limited to physical and/or technological access controls) are utilized to control access to student records and to make certain that school officials obtain access to only those education records in which they have legitimate educational interest.

Upon request, the school discloses education records without consent to officials of another school or school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer.

- The right to file a complaint with the U.S. Department of Education concerning alleged failures by the school to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202

These rights transfer to the student when he or she turns 18 years of age or enters a postsecondary educational institution at any age ("eligible student").

HUMAN GROWTH AND DEVELOPMENT
INSTRUCTION

The Chippewa Falls Area Unified School District recognizes the family as a major forum for developmental experiences. In identifying its role, the district serves to reinforce that which is taught at home by providing learning experiences that can be used to make healthy life choices now and in the future. The District provides human growth and development instruction appropriate to each grade level and the age and level of maturity of students in grades K-12 consistent with Chapter 118 of the State Statutes in Physical Education and Health curriculums as well as in Protective Behaviors seminars.

Parents and guardians may review the curriculum and inspect the instructional materials used in each grade by submitting a written request to the Executive Director of Curriculum and Instruction, the school counselor, or the building principal. Parents may file a written request with the school principal if they wish to have their child exempted from Human Growth and Development instruction in general or in a specified subject within the program. Students exempted from human growth and development curriculum will still receive instruction as outlined in State Statute 118.01 (2)(d)2c (knowledge of physiology and hygiene, sanitation, the effects of controlled substances and alcohol upon the human system, symptoms of disease and the proper care of the body) unless the parent has filed a written objection with the school principal and section 118.01(2)(d)8 of the state statutes (knowledge of effective means by which students may recognize, avoid, prevent and halt physically or psychologically intrusive or abusive situations which may be harmful to students). If a student is exempted, he/she may be held accountable for an alternative study of health topics.

CAREER AND TECHNICAL EDUCATION
NONDISCRIMINATION

The MISSION of the Chippewa Falls Area Unified School District, done in partnership with the community, is committed to excellence, empowering and challenging all students to learn while preparing them for an ever-changing global society. We strive to assure that our students will graduate prepared to succeed in post-secondary education and careers, having the knowledge, skills, attitudes, and behaviors necessary to achieve their personal goals and contribute to the common good.

The Chippewa Falls Area Unified School District offers a broad range of career and technical opportunities for our students and are offered without regard to race, color, religion, national origin, ancestry, creed, pregnancy, marital status, parental status, sexual orientation, sex, (including transgender status, change of sex or gender identity), or physical, mental, or handicap. For instance, the Chippewa Falls Senior High School has identified 6 Career Cluster Groups which our high school courses are being aligned to. These course recommendations are for students interested in a particular career cluster. We would like to reassure both students and parents that students are never locked into a particular career pathway. This is meant to allow students a better understanding of how their coursework will help lead them toward College and Career Readiness and encourages them to pursue interest areas. Foundational coursework that is done through credits required for graduation weaves important skills in all Career Cluster Groups.

SPECIAL EDUCATION REFERRAL / EVALUATION / CHILD FIND

Upon request, the Chippewa Falls Area Unified School District is required to evaluate a child for eligibility for special education services. A request for evaluation is known as a referral. When the district receives a referral, the district will appoint an Individualized Education Program (IEP) team to determine if the child has a disability, and if the child needs special education services. The district locates, identifies, and evaluates all children with disabilities who are enrolled by their parents in private (including religious) schools, elementary schools and secondary schools located in the school district.

A physician, nurse, psychologist, social worker, or administrator of a social agency who reasonably believes a child brought to him or her for services is a child with a disability has a legal duty to refer the child, including a homeless child, to the school district in which the child resides. Before referring the child, the person making the referral must inform the child's parent that the referral will be made.

Others, including parents, who reasonably believe a child is a child with a disability may also refer the child, including a homeless child, to the school district in which the child resides.

Referrals must be in writing and include the reason why the person believes the child is a child with a disability.

SCHOOL WELLNESS POLICY NOTIFICATION

As required by law, the Board establishes the following wellness policy for the Chippewa Falls Area Unified School District as a part of a comprehensive wellness initiative.

The Board recognizes that good nutrition and regular physical activity affect the health and well-being of the District's students. Furthermore, research suggests that there is a positive correlation between a student's health and well-being and his/her ability to learn. Moreover, schools can play an important role in the developmental process by which students establish their health and nutrition habits by providing nutritious meals and snacks through the schools' meal programs, by supporting the development of good eating habits, and by promoting increased physical activity both in and out of school.

Schools alone, however, cannot develop in students healthy behaviors and habits with regard to eating and exercise cannot be accomplished by the schools alone. It will be necessary for not only the staff, but also parents and the public at large to be involved in a community-wide effort to promote, support, and model such healthy behaviors and habits.

The Board sets the following goals in an effort to enable students to establish good health and nutrition choices to:

MEAL MODIFICATIONS

In compliance with the National School Lunch Act and the Americans with Disabilities Act Amendments Act of 2008 school districts are required to provide special dietary accommodations for students having a food-related disability.

All students seeking accommodations for a food-related disability must provide a statement signed by a licensed physician that contains the following information:

- The child's disability
- An explanation of why the disability restricts the child's diet
- The major life activity or bodily function affected by the disability
- The food or foods to be omitted from the child's diet and the food or choice of food that must be substituted.

"Licensed physician" is defined in Wisconsin as an individual possessing the degree of doctor of medicine or doctor of osteopathy or an equivalent degree as determined by the medical examining board and holding a license granted by the medical examining board.^[1] The child's physician needs to complete and sign a Physician Order for Diet Modification available on the district's website or your school's health office. The completed form must be returned to the school health office for accommodations to be provided. If the child's dietary needs are not considered a disability accommodations may still be possible. Please have physician complete form. For example, we offer lactose free milk for students with lactose intolerance. Each request will be handled on a case by case basis. Please note the school district does not provide accommodations for diets that are not medically necessary (i.e. vegetarian, low carb, etc.). If at any point after initial completion the diet order changes or is discontinued please provide a written update to your child's school health office.
