

Chippewa Falls Middle School: Collaboration Plan

Group:

At the start of the 2015-2016 school year, we know that we will need to have our Assessment System at Full Implementation. To prepare for this we will need to develop and begin to implement the following:

- Prioritized standards based on both our content standards and literacy in all subject areas standards
- A clear, shared pacing guide
- Common formative assessments that are short, quick, and designed to inform instruction
- Common Summative Assessments that measure mastery of our priority standards
- Data analysis of formative assessments with responsive instruction
- Deliberate and focused implementation of content area literacy as a vehicle to help students learn content

Please begin with a self-assessment of where this collaboration team is currently by checking one progress box for each task.
