

HOMEWORK REQUESTS

Students with excused absences are allowed to request homework and make it up within a reasonable amount of time as designated by each individual teacher.

The easiest and most efficient way to get homework is by emailing the teachers directly. You can access the schedule and email teachers via Infinite Campus or the high school website. This method is quick and easy. Worksheets can be attached and sent home via email by the teacher.

If you do not have email access, requests may be made through the nurse's office after the student has been or will be gone for three consecutive days. The nurse's office is staffed daily from 8:30 a.m. to 1:30 p.m.
