**3) Dismiss Bus Trains**
- 3:30 pm**            **End of Teacher Day**

Walkers and students being picked up by an adult will go out to the Wisconsin Street playground. They will be supervised by a staff member. Parents picking up students should park on "A" Street or Wisconsin Street. Parents are NOT to wait for their child inside the school at the end of the day. Parking in the front loop is not allowed. Please do not park in the handicap area unless you have a handicap permit. Those areas need to be available for students/parents/guardians. Do not block other vehicles when parking.

Anytime a student is picked up before the end of the school day, the adult must report to the office and then the student will be called down. We need to know when a child leaves early and who they are leaving with. A written note is needed anytime your child changes their usual way home or is leaving early. The note must include what time your child is being picked up and by whom. A written note is necessary for the safety of our students.
