

Study for the ACT, ASVAB and other exams!!

Badgerlink has a database where you can go to practice taking a number of exams! Halfway down the page in **Badgerlink** (Badgerlink.net if you are at home) you will see LearningExpress Library. Click on it to see a number of areas containing practice exams, tools and tips as well as ebooks. These exams are free, though you do have to create an account to take them.

There are also skills improvement components for high school students in math, science, reading, etc.

FYI ...

* Under “Jobs and Careers” you will see a category entitled ‘Military’. That is where the ASVAB exam is. Also in this area is a section entitled “Test Taking Skills Improvement” which might be helpful.

* **Badgerlink** is a free site for all Wisconsin residents. In some areas you may need to use your public library card number.

* More information and practice exams are on the Chi-Hi Student Services homepage.

* Another free site where you can take free practice exams for the ACT, SAT, or GRE is <http://www.number2.com>

* If you have any questions, please contact Mrs. Peterson in the library, ext. 1406, or at petersdj@chipfalls.k12.wi.us
