

Homeless Children & Youth – Identification/Referral Form

Chippewa Falls Area Unified School District – 2024-25 School Year

Definition of Homelessness: The phrase “homeless children and youth” means individuals who lack fixed, regular, and adequate nighttime residence due to economic hardship. It includes children and youth who are temporarily sharing the housing of another person (doubled up) due to the loss of housing, economic hardship, or a similar reason or are living in emergency shelters, in a motel, hotel, car, campground or similar situation due to lack of housing.

Homeless children and youth have certain educational rights that have to be addressed – the completion of this form will start the process of ensuring that homeless children and youth have access to a quality education despite their living conditions. Please fill out as much of this form as possible with as much detail as possible. Send, fax, or email it to the District Homeless Liaison (Contact information given below.) Email is preferred so the form can be saved electronically. Be aware that information regarding homelessness is to be kept confidential.
