

## Enrollment

### Who is homeless? (Sec. 725)

The term “homeless children and youth”—

- (A) means individuals who lack a fixed, regular, and adequate nighttime residence ...; and
- (B) includes—
  - (i) children and youths who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative accommodations; are living in emergency or transitional shelters; are abandoned in hospitals; or are awaiting foster care placement;
  - (ii) children and youths who have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings ...
  - (iii) children and youths who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and
  - (iv) migratory children who qualify as homeless for the purposes of this subtitle because the children are living in circumstances described in clauses (i) through (iii).

Subtitle VII-B of the McKinney-Vento Homeless Assistance Act, reauthorized by Title X, Part C, of the No Child Left Behind Act, ensures educational rights and protections for children and youth experiencing homelessness. This brief explains the key provisions in the Act concerning school enrollment and offers strategies for implementing the Act in a school district. Additional briefs on various topics in the law may be found at <http://www.serve.org/nche/briefs.php>.

### Key Provisions

- SEAs and LEAs must develop, review, and revise their policies to remove barriers to the enrollment and retention of children and youth in homeless situations.
- Children and youth experiencing homelessness have the right to attend either the school of origin, if this is in the student’s best interest, or the local attendance area school.
  - *School of origin* is defined as the school that the child or youth attended when permanently housed or the school in which the child or youth was last enrolled.
  - *Local attendance area school* is defined as any public school that nonhomeless students who live in the attendance area in which the child or youth is actually living are eligible to attend.
- Homeless students have the right to enroll in school immediately, even if lacking documentation normally required for enrollment, such as previous school records, medical or immunization records, proof of residency, birth certificate, proof of guardianship, or other documents.
- The terms “enroll” and “enrollment” include attending classes and participating fully in school activities.
- State Educational Agencies (SEAs) and Local Educational Agencies (LEAs), otherwise known as school districts, must address problems resulting from enrollment delays caused by immunization and medical records requirements; residency requirements; lack of birth certificates, school records or other documentation; guardianship issues; or uniform or dress code requirements.
  - If a student does not have immunizations, or immunization or medical records, the local homeless education liaison must assist in obtaining them immediately; the student must be enrolled in school in the interim.

- The enrolling school must contact the student's previous school to obtain school records; the student must be enrolled in school while records are obtained.
- Schools must maintain records for homeless students so that they are available quickly and can be transferred promptly, as necessary.
- Local liaisons must help unaccompanied youth select and enroll in a school, after considering the youth's wishes.
- If a student is sent to a school other than that requested by a parent, guardian, or unaccompanied youth, the school must provide a written explanation of its decision to send the student to a different school and the parent's, guardian's, or youth's right to appeal this decision.

(See *Endnotes for the text of the law.*)

Children and youth experiencing homelessness often do not have the documents ordinarily required for school enrollment. However, school may be the only opportunity for these children and youth to benefit from a stable environment, uninterrupted adult attention, peer relations, academic stimulation, and reliable meals. Enrolling homeless students in school immediately provides them with needed stability and avoids disconnecting them from school for days or weeks while documents are gathered.

### Strategies for Implementation

- Review all state laws and regulations and district policies and bring them into compliance with federal law.
- Train all school enrollment staff, secretaries, school counselors, school social workers, and principals on the legal requirements for enrolling homeless students.
- Develop affidavits to serve as alternative forms of documentation normally required for enrollment, such as proof of guardianship or proof of residence. Such forms should be

crafted carefully so that they do not create further barriers or delay enrollment. Sample affidavits can be found in Appendix D of NCHE's *Local Homeless Education Liaison Toolkit*, which can be downloaded at [http://www.serve.org/nche/downloads/toolkit/app\\_d.pdf](http://www.serve.org/nche/downloads/toolkit/app_d.pdf).

- Establish school-based immunization clinics or other opportunities for on-site immunizations.
- Collaborate with community-based or public agencies to provide homeless students with school uniforms; this will ensure that an inability to purchase a school uniform does not create an enrollment barrier.
- Inform families and youth of the student's right to attend either the school of origin, if this is in the student's best interest, or the local school and to be enrolled immediately.
- Inform families and youth of the student's right to receive transportation to and from the school of origin.
- Develop clear, understandable forms to use when providing written explanations of decisions and explaining the parent's, guardian's, or youth's right to appeal the school's decision.
- Schools can help provide educational continuity by:
  - Providing short educational assessments to place students immediately while awaiting the arrival of complete academic records; for more information on this topic, download *Prompt and Proper Placement: Enrolling Students Without Records* at <http://www.serve.org/nche/downloads/briefs/assessment.pdf>.
  - Accept previous school records directly from families and youth.
  - Contacting the previous school for records and assistance with placement decisions.
  - Following up quickly on any special education referrals or services.

## Enrollment (continued)

- Providing needed remediation/tutoring.
- Having counselors meet with parents and students when registering.
- Including information on the educational rights guaranteed under the McKinney-Vento Act in parent handbooks so that parents will understand their children's options in the event that they become homeless.
- Establishing school-level and classroom-level routines for incoming and departing student transfers.

Teachers can help support students experiencing homelessness by:

- Getting to know new students with a “get-to-know-you” questionnaire or journal assignment.
- Taking time to talk to and welcome new

students individually.

- Giving new students a “welcome gift” (e.g. school supplies, school clothes).
- Introducing new students to the class.
- Identifying faculty and peer mentors/buddies.
- Keeping a short, simple written list of classroom rules and procedures.
- Starting a “New Students” club.
- Making sure all students have a chance to have a class job/role and to participate in extracurricular activities.
- Starting files and a portfolio of classwork for students to take with them when leaving the school.
- Maintaining a relationship with departing students by providing them with stamped, self-addressed envelopes and stationery.
